

Rain Barrel Rebate Application

Rain barrels allow for the capture of rainwater from roof downspouts. Rainwater collection can provide a limited amount of landscape irrigation water during dry months and helps mitigate stormwater impacts from excess roof runoff. Rain barrels can be made by hand, purchased locally, or purchased online. City of Tumwater Public Works is offering \$10 for each rain barrel you have installed, up to a maximum of six.

To apply for this rebate, send us the following:

- Copy of the purchase receipt showing the date of purchase, purchase price, and proof of payment
- Completed and signed application to:

City of Tumwater Water Resources

Mail: 555 Israel Rd SW, Tumwater, WA 98501 **or Email:** waterresources@ci.tumwater.wa.us
