

High-Efficiency Toilet Rebate Application for Private Septic System Customers

The City of Tumwater works hard to provide its residents with reliable and clean drinking water. To encourage the wise use of this essential resource, we offer up to a \$100 rebate for high-efficiency toilets (HETs), which use 1.1 gallons or less per flush and have a Maximum Performance (MaP) score of 600 or greater. You can find a list of [MaP approved toilet models](#) on the LOTT website. Other models may also qualify. For more information, call City of Tumwater Public Works at 360-754-4140.

This rebate is offered to Tumwater water customers connected to septic systems. Tumwater water customers connected to City sewer are encouraged to apply for rebates directly through LOTT
lottcleanwater.org/programs/conservation-rebates/.

To apply for this rebate, send us the following:

- Copy of the purchase receipt
- Completed and signed application to:
City of Tumwater Water Resources

Mail: 555 Israel Rd SW, Tumwater, WA 98501 **or Email:** WaterResources@ci.tumwater.wa.us

Customer Information

Name _____ Check one: Homeowner Tenant

Service Address _____

Mailing Address (if different) _____

Account Number _____ Phone _____
